## Job description:

### About CloudLabs:

CloudLabs is a Full-Service Digital Transformation Consulting Firm driven by the single-minded purpose of augmenting Enterprise Value Creation. It is a pure-play SAP consulting into a transformative partner for Business Acceleration Advisory, Transformative Application Development, & Managed Services - enabling digital transformations, M&A transitions, Automation & Process-driven optimizations, & complex Integration initiatives for enterprises in the US, Canada, Australia, etc. Its proprietary approach - 'FLUID' provides its specialists with the required tools and knowledge to create Configurable, Scalable, Undisruptive, and Iterative Solutions that build Incremental value for generating Higher Throughput. With offices in the US, Canada, Australia, & India, the Company is rapidly progressing and achieving success in many parts of the world. The team of competent professionals at CloudLabs is recognized for

creating long-term business value for clients. Due to this, CloudLabs is the chosen partner for Enterprises seeking to expand and strengthen their presence in emerging growth markets like Brazil, Israel, Turkey, etc. The Company has successfully implemented 215 Strategic Transformation Projects. As a Strategic Planning & Implementation Partner for Global Companies, CloudLabs has seen a 200% uptake in winning high-value, high-impact, and high-risk projects that are critical for the business. With the support of its deep bench of 84+ specialists, CloudLabs is now at an inflection point and ready for its next curve of progress.
