Overview

Language:

English

Education:

College, CEGEP, or other non-university certificate or diploma (1 year to 2 years)

Experience:

2 years to less than 3 years

Key Responsibilities:

- Create and maintain detailed technical packages (specs, measurements, construction details)
- Conduct and evaluate fit sessions; provide clear, actionable comments
- Review samples and ensure garments meet fit, quality, and design standards
- Collaborate with design, production, and sourcing teams throughout the development process
- Communicate revisions and approvals to vendors clearly and accurately
- Ensure consistency across size ranges and production runs

Qualifications:

- Experience as a Technical Designer in the fashion/apparel industry
 - Strong understanding of garment construction, fit, and grading
 - Ability to read and create technical drawings and spec sheets
 - Excellent attention to detail and problem-solving skills
 - Strong communication and time-management abilities
-

Work Environment

- On-site work only (must be completed at the physical location)
- Work setting includes:
 - Manufacturing
 - Retail business

Who Can Apply

You can apply if you are:

- A Canadian citizen
- A permanent resident of Canada
- A temporary resident of Canada with a valid work permit

Do not apply if you are not authorized to work in Canada.

The employer will not respond to applications from candidates without legal authorization to work in Canada.
