Position Overview

Title: Digital Business & Data Analyst – Global Agriculture
Type: Full-Time, Permanent
Location: Toronto HQ
Requisition ID: 39140
McCain Foods is undergoing a global digital transformation, leveraging data from growers and fields to enhance decision-making and sustainability in agriculture. This role focuses on Grower Relationship Management (GRM) and sourcing, integrating data into business processes to strengthen supply, grower partnerships, and regenerative practices.

Key Responsibilities

- Define performance indicators aligned with agricultural efficiency goals.
- Act as global data lead for GRM, ensuring standardized data across regions.
- Maintain and evolve the GRM business data model.
- Collaborate with technology and analytics teams to identify and integrate data sources.
- Develop reporting strategies with Power BI dashboards and other tools.
- Translate stakeholder needs into business requirements for analytics and dashboards.
- Design and oversee user-friendly dashboards to drive adoption and improvement.
- Support training and data literacy across regions.
- Build relationships with regional teams to identify value-driven analytics.
- Work with Data Governance to resolve data quality issues.
- Lead medium-scale, data-driven projects in collaboration with global teams.

Qualifications

- Bachelor's degree in Business, Agriculture, Data & Analytics, or related field.
- 2–3 years of experience in data analysis, business modeling, or agriculture operations.
- Familiarity with agriculture/food industry preferred.
- Experience in global or multi-country roles.
- Strong skills in data analysis, visualization (Power BI), and project management (Agile/Scrum).
- Excellent communication skills, able to translate technical concepts into business language.
- Problem-solving mindset with accountability and a proactive approach.

Compensation & Benefits

- **Salary Range:** $58,800 – $78,500 CAD annually + bonus eligibility.
- **Benefits:** Health coverage (medical, dental, vision, prescriptions), retirement savings, leave support (medical, family, bereavement), vacation, holidays, volunteering time, and mental health resources.
