### Job description:

Provide personal care and companionship for two seniors (husband and wife) living in their own home. Responsibilities include administering personal care, planning and preparation of nutritious meals, performing routine health related functions, administering medications, and housekeeping duties. Candidates should be personable, responsible, and reliable with good problem-solving skills. Patience and understanding of senior care needs is a requirement. Previous experience working with seniors in a home based or small-scale environment would be an asset. References required.

How to Apply: Apply directly through this website or by email. Please provide a resume, cover letter explaining your suitability for the position, and two professional references.
